### A Wonder That Has Puzzled Many

There are many people that are greatly puzzled over the wonderful effects of Root Juice. When this new medicine was first introduced it was generally thought that a new fake was born to die in a short time. But as time passed and so many testimonials are pouring in from all over the country from people who had given up hope of ever seeing another well day, and neighbor is telling neighbor of some great good received from the use of Root Juice. Many people are wondering why this great remedy was not discovered years ago. What a great boon to human kind is a remedy like Root Juice, a combination of nature's drugs that soothes and heals and tones the stomach, liver, kidneys and bowels. How sweet is health and how wonderful are the many cures that Root Juice has made of rheumatism, catarrh, indigestion, female weakness and other troubles of the digestive and excretory organs. Those who wish to learn of remedy should go to J. Jas. Wood Drugstore.

Frederick Dressel, 1238 East Second street, May'sville, Ky., says:

"I consider Doan's Kidney Pills to be a most excellent remedy for kidney trouble and am only too glad to speak in their favor. About five years ago I was bothered by weak kidneys and the secretions from these organs were scanty and attended with pain during passage. Sharp twinges across the small of my back were common and at times greatly interfered with my work. On telling a friend of my condition, he advised me to use Doan's Kidney Pills and I procured a box at J. J. Wood & Son's Drugstore. I used them according to directions and they afforded me prompt relief."

## Five Hundred People Visited Eastland Addition Yesterday

Early in the Day Till Twilight Came, Visitors Were  
Shown Over the Property and Every One Was Delighted  
With the Assured Future of New Suburb

Long yesterday representatives of  
Bowman Realty Company were kept busy  
showing visitors over Eastland, Maysville's  
sub-division. They came on the street  
in foot, in automobiles and buggies until  
night was coming on and the last visi-  
ter, it was estimated that nearly

five hundred people had visited the property  
that day. Among those who drove and walked  
over the ground were a large number who live  
in the county and had been attracted by the  
wide advertising which had been given the  
sale. Everyone had a word of praise and be-  
lieved the opening of Eastland marked the  
beginning of a Greater Maysville.

#### HEAVY FINES

#### Given Grant County Bull-Dozers Convicted in Federal Court For Intimidating Tobacco Grower

Eight of the most prominent, influential,  
social men and tobacco growers of Grant  
county were Saturday afternoon found guilty  
on three counts in the Federal Court of the  
Eastern District of Kentucky at Covington  
for alleged violation of the Interstate Com-  
merce Law in restraint of trade, probably the  
first verdict of the kind which involves produce  
farmers.

Unfolding the document that contained the  
verdict the Clerk read it out aloud:

"We the Jury find John S. Steers, A. C.  
Webb, J. S. Carter, Perry Simpson, H. L.  
Conrad, R. Lee Conrad, Fred K. Conrad and  
John Caldwell guilty, and dismiss the charges  
against Marion Bennett, John Callender, and I.  
N. Newton Conrad, the indictment against  
William Mulligan being nollied Friday."

Judge Cochran said: "Inasmuch as no in-

dividual has been sentenced to Jail in the To-  
bacco Combine prosecutions, I will not send  
any of these defendants to Jail. It pains me  
to have to fine such men as you on account of  
your good standing in the community."

Rev. John S. Steers was fined \$1,000; Perry  
Simpson, A. C. Webb and Jerry S. Carter, \$500  
each; the Conrad brothers, H. L., Fred K. and  
R. L., \$300 each, and John Caldwell, \$100.

Judge Cochran allowed the men fined to go  
on their own recognizances to give their Attor-  
neys time to determine what they intend to do.

nouncement of the demise of this good woman,  
which occurred Saturday morning at 7 o'clock

Her husband preceded her to the grave less  
than two years ago.

immigrated to America in 1848, and in 1849  
was married in this city to John G. Brodt,  
where they continued to reside—with the ex-  
ception of one year's residence at North Lib-  
erty, O.,—during their long and useful lives,

#### STEMMERY

Of American Tobacco Company  
to Be Located Here

Was Definitely Decided Upon at a  
Conference of Officials Held in  
Louisville Last Week

For some time it has been rumored that the  
American Tobacco Company intended to erect  
in Maysville a large stemmery.

Reliable information from Louisville is to  
the effect that at a conference of American  
Tobacco officials, held there last week, it was  
decided to at once build a stemmery in the  
heart of the White Burley tobacco belt. Sev-  
eral locations were discussed and it was finally  
definitely decided that Maysville was the best  
place for the stemmery, which will be one of  
the largest in the country.

It is understood that plans were at once  
ordered drawn and a representative of the  
Company instructed to immediately select the  
proper location and purchase the ground.

In accordance with the policy of the Ameri-  
can Tobacco Company in refusing to make public  
their plans until they are perfected, details  
cannot be secured, but it is generally under-  
stood that the stemmery will be located in the  
Eastern part of the city.

The American Tobacco Company thought  
first of locating this plant at Dover, but labor  
was inadequate.

#### Don't Gray Hair.

When hair first begins to appear,  
prompt action should be taken to nourish  
the scalp and prevent their further  
spread. Regular brushing, massage of  
the scalp and occasional shampooing help  
to prolong the vitality of the hair and  
preserve its natural color. But it is ab-  
solutely essential that these methods be  
assisted with some form of vital nourish-  
ment which the decaying roots of the  
hair can absorb. Numerous preparations  
for this purpose have appeared on the  
market during the past twenty years,  
but many of them have proved more  
harmful than otherwise. It is now agreed  
by competent authorities and those who  
have put it to the severest tests that  
HAY'S HAIR HEALTH is the safest and  
most effective preparation for restoring  
prematurely gray hair, and furnishing  
the right food to the scalp. Its constantly  
increasing sale and the fact that it has  
held its great popularity for nearly a  
quarter of a century is proof that this  
scientific preparation does the work to  
the entire satisfaction of users. All re-  
liable druggists recommend it and sell it  
in 50 cent and dollar bottles, or it can be  
purchased from the manufacturer, Philo  
Hay Specialties Co., Newark, N. J.,
